

The Photographic Society of America

(Revised March 7, 2010)

Exhibition Catalog Mailing Requirements

The Exhibition Standards (ES) requires that one copy of an exhibition's catalog be sent (via First Class mail from North America exhibitions; via Air Mail from Overseas exhibitions) no later than the approved catalog mailing date. If, for example, your exhibition has a color slide and color print section, then you send catalogs to the people show in the color slide page and the pictorial print page.

Also, two copies must be sent to:

**Star Ratings Chairman:
Carol Bailey, FPSA, EPSA
6995-A Franktown Road
Carson City NV 89704, USA**

E-Mail: bcarolb@pyramid.net

There is a separate page for the names, addresses and emails of each person to whom a catalog must be sent for each section (color projected images, nature, photo travel, photojournalism and pictorial prints: large, small and commercial) which has PSA approval.

Specific requirements per the Exhibition Standards are:

- Exhibition name and year must be on the cover.
- PSA Recognition Statement must be printed.

If you go to <http://www.psaexhibitionstandards.com/> and scroll down to "PSA Logos and Images" and click on any "Recognition Statement" you can send the files to your email browser. Size to meet your needs.

- PSA Recognition Statement must be as large as that of any other international photographic organization. See item 9a.
- Names of judges in each section and/or category must be listed.
- Listing of Awards must be included and the listing must be separated by class, etc. List must precede acceptance listing.
- List of accepted exhibitors must be in alphabetical order.
- Sections must be in alphabetical order: Color Projected Images, EID, Nature Digital, Nature Prints, Nature Slides, Photo Travel Digital, Photo Travel Prints, Photo Travel Slides, PJ Digital, PJ Prints, PJ Slides, Pictorial Prints and Stereo Digital, Stereo Prints and Stereo Slides.
- Catalog must be mailed to exhibitors by approved mailing date.
- Font and type size must be legible to the average reader. Personally, I recommend a 9 point or larger font.
- An online version or one sent as a PDF file to exhibitors must have exhibition name and year on each page.

Notes and Reminders For Catalog:

1. If you will not be able to mail your catalog per the approved application, immediately notify the Exhibition Standards Directors telling them why and approximately when it will be mailed.
2. Catalog must have year and name of exhibition on the cover.
3. Catalog must have a list of the award winners.
4. Catalog must have PSA Recognition Statement.
5. Catalog must list all the exhibitors and their acceptances.

You may sort the listing by country then last name - first name of exhibitor or you may sort it by exhibitor last name and first name.

6. If your exhibition will have a PDF file for exhibitors to download, it must be on the web site for at least 90 days.

7. If your exhibition will have a PDF file for exhibitors to download or the catalog data will be mailed in CD/DVD, then you must prepare a paper catalog for the catalog recipients in each division. A simple Xerox copy is adequate.

Because the catalogs must stand up for 10 years or more of service, please put a clear plastic sheet on the cover and another sheet on the back cover and bind with a spiral binder.

8. All catalogs must be air mailed. No exceptions.
9. Be sure to mail Carol Bailey two copies for her Ethics Chairman job. If you have a nature section, then she needs a nature copy.

10 . And please remember, the exhibitors and PSA workers who use your catalog need a listing in at least a 10 point font.
